

LUDMILA ARAUJO

Coordinator of the SDG Governance Center of the Municipal Government of Vitória da Conquista, Bahia, Brazil.

Being a municipal public servant for 18 years, she has built her professional career in the fields of environment and sustainable development. She holds a Master's in environmental sciences, and her work focuses on the 2030 Agenda for Sustainable Development and the Sustainable Development Goals (SDGs) within local governance, including their localization and integration into municipal planning and public policies. She also coordinates the Municipal SDG Technical Committee and the Bahia-Minas Network of SDG Municipalities, which brings together municipalities working to advance the SDGs across the region.
